This study aims to determine the effect of occupational safety and health (K3) on the performance of technical service officers at PT PLN (persero) in the Mojokerto area. Research includes quantitative research respondents as many as 35 employees. Data analysis using simple linear regression statistical analysis. The results showed that there was a positive effect of occupational safety and health (K3) on the performance of technical service officers in the PT PLN (persero) area of Mojokerto. The better the safety and health of the work, the higher the performance of employees.

Keywords: Occupational Safety and Health, Employee Performance

**PENGARUH KESELAMATAN DAN KESEHATAN KERJA (K3) TERHADAP  
KINERJA PETUGAS PELAYANAN TEKNIS di PT. PLN (PERSERO) AREA  
MOJOKERTO**
